

The Tech

VOL. XXV. No. 85.

BOSTON, MASS., WEDNESDAY, MAY 16, 1906

PRICE THREE CENTS.

TECH NIGHT AT THE POPPS.

Seat Application Blanks Now Ready at the Cage for Distribution.

A Commencement Celebration Committee has been appointed by the Association of Class Secretaries to make the necessary arrangements for a Tech celebration on Commencement Day, Tuesday, June 5. The custom so successfully inaugurated two years ago, of holding class spreads and class dinners on Commencement Day, followed in the evening by a Tech night at the "Pops," is to be continued as an annual affair. For this occasion the whole of Symphony Hall has been reserved, the floor for past students and undergraduates, and the balconies for ladies and their escorts. Each class will be assigned a number of tables on the floor, in proportion to the applications received. Balcony tickets will be assigned strictly in the order in which applications accompanied by the money are received. Every student who desires to be present at the "Pops" should procure as soon as possible an application blank from the Cage and fill in the necessary information. Only one floor ticket will be sold to each former student or undergraduate.

PROF. PEABODY GOES TO EUROPE.

Professor Peabody left for Europe accompanied by Mrs. Peabody about a month ago, to study the technical schools and the shipbuilding yards on the other side of the Atlantic. He will go directly from Liverpool to Spezia in Italy where there is an experimental tank for testing ship models. From thence he will go to Germany to visit the University of Charlottenburg, which is the only college in the world to boast of a private tank. He will also make a tour of the technical schools of Germany, France, and Great Britain, and will make comparisons between the different methods of construction in vogue in the three countries. Professor Peabody is not expected to return to this country before the end of September, shortly after the Institute opens.

LAST Y. M. C. A. MEETING.

The last Y. M. C. A. meeting of the year will be held to-morrow in the Parish Hall, Trinity Church at 1.30 P. M. The speaker will be Dr. P. S. Henson of Tremont Temple. Dr. Henson is one of the leading pastors of the age, and is well known as a raconteur and author besides being one of Boston's most eminent pulpit speakers. He formerly held pastorates in Philadelphia and Chicago, and came to Boston three years ago to succeed Dr. Lorrimer at Tremont Temple.

He has chosen for the subject of his address to-morrow the verb "stick". Members of the faculty as well as student are invited to attend.

SOPHS. WIN CHAMPIONSHIP.

The Second Victory of '08 Renders Another Game Unnecessary.

The Sophomores won the under-class baseball championship Monday afternoon on Tech Field by the score of 15 to 7. Both teams batted heavily, but Toppin was given much better support by 1908 than was Sherman by the 1909 team, which was seriously handicapped by the absence of three of its regular players. In the first inning both sides scored, and for a time a close struggle looked probable, but in the fourth Sherman weakened and the Sophomores put their score out of danger. The batting of Applin, Williams, and Boylston was exceptional, the first getting four hits, two of which were two-baggers.

1908 having now won two games of the series, the baseball season comes to a close, the final game scheduled for today being unnecessary.

Struck out—Sherman 3, Toppin 3. Double plays—Kelly and Minott, Barton. Wild pitches—Sherman. Hit by pitched ball—Heilman 2. Umpire—R. Glover.

NEXT YEAR'S SHOW APPOINTMENTS.

The following men have been officially appointed to the managing staff of the Tech Show for next year. General Manager, A. Macomber, '07 Business Manager, H. McCready, '08 Stage Manager, T. McGowan Jr. '08

President Jordan, of Leland Stanford, states a loss of \$4,000,000 has been sustained by the university through the recent earthquake.

Amherst College has adopted the honor system. Freshmen caught cheating are suspended a term, those from the three upper classes will be expelled.

ELECT DIRECTORS.

Co-operative Society Reports Successful Year.

The annual meeting of the Board of Directors of the Co-operative Society was held yesterday in the Trophy Room. The officers for the ensuing year were elected as follows: President, Alexander Macomber, '07; Vice-President, H. B. Hastings, '07; Treasurer, A. D. MacLachlan, '96; Secretary, Bryant Nichols, '07; Directors, C. H. Boylston, '08; V. C. Grubnau, '08.

During the year the Directors have set aside \$950.00 for Scholarships. Of this amount \$500.00 has already been paid to the Bursar and applied by him to scholarships during the second term of this year. In accordance with a request of the Bursar the balance will be held over until next September and used for first term tuitions at that time.

During the past year the Society was unfortunate in losing the services of its president and vice-president, both men having accepted outside business positions. The Freshman class of 1906 was about a hundred less than usual which affected somewhat the membership of the Society. On the other hand it is gratifying to note the increased use being made by members of their tickets, as evidenced by the greater rebates paid by affiliated firms.

GIRLS MIGHT WED PROFESSORS

At a recent meeting of the trustees of the Andrew Carnegie pension fund for aged teachers and professors there was a discussion as to the danger of young women marrying aged professors in order to secure pensions at death.

After it had been decided to give widows of professors half the pensions to which their husbands had been entitled, Mr. Hadley of Yale asked whether this would not encourage girls to marry aged college men, and among the preventatives proposed was that the widow must have been married to the teacher 10 years prior to his death to secure the pension. Another was that the widow must be at least 40 years old.

Half a day was taken up in the discussion, and finally the question was postponed until the next meeting of the board.

Columbia University has been given \$50,000 to form a professorship in the University of Berlin to be known as the "Theodore Roosevelt Professorship of American History." The professorship will be established with the understanding that the German government will likewise establish a German Professorship in Columbia. In this way the two universities will be enabled to annually exchange two of their instructors and thus link the two together in an educational alliance.

CALENDAR.

- WEDNESDAY, MAY 16.
4.30 P.M. TECH Board Volume XXVI Meeting in Trophy Room.
THURSDAY, MAY 17.
1.00 P.M. Institute Committee Meeting in Trophy Room.
1.00 P.M. Tickets to N. E. I. A. A. games on sale in Rogers Corridor.
1.30 P.M. Meeting of the Basketball Team in 33 Rogers.
1.30 P.M. Weekly Meeting of the Y. M. C. A. in the Parish Hall of Trinity Church.
4.15 P.M. California Club Meeting in 22 Rogers.
7.00 P.M. Technique 1908 Board Meeting in Rogers Building.

FACULTY NOTICE.

Modern Languages.—Students of modern languages will not be required to take an examination unless notified to that effect. Such notification will be given as a rule by the instructor.

NOTICES.

Basketball.—There will be a meeting of the Basketball Team tomorrow at 1.30 in 33 Rogers.

Institute Committee.—There will be a meeting of the Institute Committee today at 1 P.M. in the Trophy Room.

Architectural Society.—The Architectural Society will hold its annual banquet next Saturday at 7 P.M. at the American House.

Tech Show.—All the football men who have not removed their football suits from the Union please do so at once.

Technique 1908.—There will be a meeting of the 1908 Technique Board in Rogers Building tomorrow night at 7 o'clock.

"Tech" Board Meeting.—There will be a meeting of next year's Tech Board in the Trophy Room today at 4.30 to organize and elect officers for Volume xxvi.

N. E. I. A. A. Tickets.—Tickets for the N. E. I. A. A. Games, to be held at the Tech Field next Saturday, will be on sale tomorrow from 1 to 2 P.M. in Rogers Corridor.

California Club.—There will be a meeting of the California Club tomorrow at 4.15 P.M. in 22 Rogers. All members are requested to be present as there is to be an election of officers.

Physical Exam.—All students who took a physical examination in the fall are requested to make an appointment for a second examination, if they have not already done so, as soon as possible.

Keys.—All students are requested to leave their locker, gymnasium, and other keys issued by the Institute, at the Bursar's office before leaving at the end of the year. It would be a favor to Mr. Rand if students would kindly comply with this request.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

Wednesday, May 16, 1906.

THE TECH takes pleasure in announcing the elections of L. H. King, '09, A. K. Mitchell, '09, M. R. Scharff, '09, A. G. Kellogg, '09, and M. E. Denny, '08, to the Editorial Board, and the appointment of P. R. Powell, '08, to the News Staff.

The applications for seats at the Pops Concert are now ready for distribution and they should be filled out and turned over to the "Pop" Concert Committee at once in order to facilitate the work of the committee in assigning tables to the various classes. The whole of Symphony Hall has been reserved and the concert will be exclusively a "Tech" affair. Technology is the only college to which this exclusive privilege has been granted, and we should therefore be the more anxious to make the concert the great success that it has been in past years. This is the one time of the year that Tech men, graduates and undergraduates, can meet informally for a good time.

We note with approval the fact that for Course I the requirements in the modern languages have been lessened. From our experience with the modern languages we should say that the effect of this will be beneficial, and might apply to the other courses. In the first place, the common complaint that the preparation for the assigned lessons takes too much of the time from technical work is eliminated. It makes possible the obtaining of greater benefit from our professional studies simply because more thought is given to them. From another point of view many a student whose habits of study have been formed under the stimulus of bettering his

material condition has been led to seek solace and pleasure from books that elevated his moral character and contributed to the refinement of his nature, and the intellectual culture which is the aim of the modern languages to inspire is obtained most naturally and effectively, and when the possible influence of such students in their business and in their homes is considered we may realize how the practical studies are mellowing their hearts while they are strengthening their abilities as men of affairs. Then is followed out Ruskins definition of education. He says: "Education, briefly, is the leading of human souls to do what is best, and making what is best out of them; and these two objects are attainable together, and by the same means; the training which makes men happiest in themselves also makes them most serviceable to others."

SUCCESSFUL SEASON AT GYM.

The approach of Spring weather marks the close of a successful season at the new gymnasium on Garrison Street. The building which met with such a mishap during construction has served as a rendezvous for all branches of athletics.

Especially has it served its purpose in affording a convenient place for the various indoor meets. The banking of the corners has provided a convenient course for track work, leaving ample space for basket ball games and stands for spectators.

The results of the gymnastic drill and team work exhibition, which were held this winter were more than encouraging, and from the increased development of the men taking part in them it was evident that the training has proved very beneficial. The support of the gymnasium has not been quite as enthusiastic as might have been expected, but from the steady work which is being done by many regular attendants it is evident that the increased facilities of the Walker Memorial Building will be much appreciated.

COMMUNICATION.

The Editors do not hold themselves respon-
sible for opinions expressed by corre-
spondents.

TO THE EDITOR OF THE TECH:

The system of offering prizes for
advertisements obtained by students
for *Technique* which was inaugu-
rated by the *Technique* Board of
1907, will be continued by the 1908
Board. The conditions of the com-
petition are briefly as follows: All
advertisements handed in must be
new, that is, must be other than
those contained in the *Techniques*
of 1906 and 1907. Every man will
receive 10% of the value of the
advertisements secured by him.
The man who obtains the greatest
money value of advertisements, pro-
vided it exceeds \$100, will be given
a prize of \$25, over and above his
10% discount. Every man who in-
tends to try will kindly see me about
it as soon as possible, to obtain con-
tract forms.
